Report from the Commodore

Commodore Bill Sandke

What an amazing end to the summer for CYC! The largest number of participants in the Beer Can Dice Roll-Off "competed" to win the honor of sounding the 1830 horn every Wednesday evening next Beer Can season! The following 9 skippers were present for the entire summer series: **Dave Snyder, Steve Shelkun, Bill Wilson, Brock Pacquin, Manny Granillo, Tom Moore, Mike Lewis, Rick Harris** and **Shawn "The Big Man" Powell** who emerged the ultimate victor. Presiding over the event was our own beloved Jose Montelongo who along with son Marco joined Rick Harris for the race earlier and stayed for the after race camaraderie. The video of Jose at the helm grinning ear-to-ear was a joy to behold!

Commodore Sandke with Jose Montelongo

Not to be outdone, but this time on the world stage **Patrick Powell**, **Chuck Eaton** and **Willem Van Waay** all went to Italy to sail in the J-70 Worlds with **Willem** crewing aboard the World Champion boat. From the Olympics to the America's Cup to World Championship fleet racing to Wednesday nights, CYC sailors continue to chart a successful course for Coronado YC competitive sailing. Also, with the return to traditional scoring for the Kempf High Point, be sure to check out the new standings in the bar on the side of the fireplace.

Our club remains a vibrant and active social spot as well, with afternoon Mexican Trains running on a regular schedule, Paint Night a success, Trivia Night fun and of course the return of the Monday Night Football member chefs showing off their culinary chops. Even bartender Brian got into the act with some epic BBQ and be on the look out for the return of the "Young Guns" for a late season feast!

Our CYC Redevelopment Project approval process seems to be coming very close to a conclusion! After an initial Coastal Development Permit (CDP) pre-review meeting with Coastal staff, the ball went back to our court to advise Coastal Commission on why we cannot relocate our building on the leasehold to allow for a public path. Coronado YC, our consultants and Port staff have made this case consistently in a positive and meaningful way with the Coastal staff attentive but unable to initially support our new clubhouse without allowing public access.

Today, September 29th project lead **S/C Mark Warner** sent the information Coastal requested to our consultants and San Diego Port staff. This reply builds on our earlier submission and stresses the very positive environmental benefits of our new construction including plumbing, energy, storm water and sea-level rise adaptation components, while at the same time identifying the proposed path as being in danger of sea-level rise. We know we have made a constructive, strong and forceful case and your CYC leadership team remains optimistic.

Finally, I hope we all agree that our ultimate goal is a new long term lease and we have every indication from the Port that regardless of the outcome with the Coastal Commission, CYC will have a waterfront home right where we have been for decades. Moreover, your leadership team feels that the benefits of new construction in terms of member satisfaction, cost and longevity necessitate staying engaged in the process for the Clubhouse Replacement Project just a little longer. However, it is most important for the membership to also know that we are fully cognizant that a inside-out remodel of our existing facility permitted by the City of Coronado is an achievable alternative. Rest assured your CYC project team will ultimately achieve the best long term outcome for Coronado Yacht Club.

And please remember, Honor the past and embrace our future!

From the Crow's Nest

By General Manager Lou Milioti

October is a transitionary month at CYC as the days grow shorter and the evenings a slight bit cooler. It is a good time to reflect upon the amazing year that we have had at CYC and those members who went a little beyond in their service to the club to make it more enjoyable for all of the membership to enjoy. Unfortunately, I will not be able to recognize everyone that has helped contribute this year, but please know how much I appreciate your help and service to the club.

First of all, to the dedicated volunteers who contribute hundreds of hours of their personal time to fulfill the mission statement of the Coronado Yacht Club while serving on the Board of Directors. Commodore **Bill Sandke Jr.**, Vice Commodore **Dean Eckenroth**, Rear Commodore **Tom Lyons**, Treasurer **Scott Grimes**, Secretary **Chris DeNardi**, Directors **Jon Ryan**, **Keith Fargo**, **Robin MacCartee** & **Harper Hatheway**.

Mission of the Coronado Yacht Club: To create and maintain the total yacht and boating experience for our members and the surrounding community and to promote a fraternal spirit among members, yachtsmen and other clubs.

The Bridge officers and Board of Directors are made up of members such as yourself and are non-paid positions of the club. Next time you see one of them in the bar, take a moment to thank them or buy them a drink for volunteering to make the club a better place.

To… Staff Commodore **Shawn Powell** for his electrical expertise while we completed the largest dollar volume capital improvement in the club's history, **Mel Whittemore** for keeping the grounds looking great, Staff Commodore **Mark Warner** for helping guide us through the tedious process of the club's redevelopment, **Susie Owen** and **Cathy (Cellar) Henson** for assuring that the club has great wines at the best prices to offer the membership, **Frank Lyall**, **Glenn & Sue Welch** and **Harper Hatheway** for providing great sailing events for the fleet to participate in, Fleet Captain **Curtis Milioti** for managing the Fleet & **Ned Imming** for working with **Curtis** to bring WiFi to the marina for the slip holders to enjoy, Port Captain **Dave Flint** for doing a great job with slip assignments, Staff Commodore **Paul and Ginger Dodson** for 22 years of managing the Rod & Reel program and upgrading several important trophies this year, **Emmy Grimes** for assuring the remaining trophies are updated, **Fred West** for helping us with our quarterly inspections for dock pilings, **Sheryl Rosander** & the Bylaws Committee for assuring our club is operating within the Bylaws, Judge Advocate **Steve Berman** for the many hours of pro bono work dealing with the club's legal questions and updating the Bylaws, **Steve and Susan Schelkun** for managing the BOAT SAFETY Committee and for keeping the slip rules enforced in a kinder more member-friendly way, **Steph Garrett** for the great clothes that are available from the Ship Store and the incredible selection of Reyn Spooners, Chaplain **Gary Boggs** for inspiration and blessings, **Judy Longfellow** and **Megan Mayall** for proofing the Whisker Pole, **Cheri Aegerter** and **Cathy Brown** for fun Monday nights, **Steve Streifer** for managing this year's Lipton Cup, **Jeff Jakus** for managing the boats for Sharp HospiceCare & his assistance with Make-A-Wish returning to CYC, **Dave Spatafore** for sharing his expertise with the Food Committee and **Erin Miller** for the children & family entertainment programming being fun and exciting, and **Jill Powell** for the great selection of bands we enjoy at the club. Once again, I apologize if I have missed anyone.

Chef Benito has added several new menu items to our food offerings including Tequila Lime Shrimp, Chicken Parmesan, Pork Osso Bucco and one of the special favorites, Seafood Cataplana. Remember that even though Beer Can Races are over, we are open on Wednesday nights, offering a complete dinner menu for your enjoyment including two fresh catches of the day. In October, our Wednesday night Specials are Lobster Tail Night on October 4, followed by a Prime Rib special on Wednesday, October 11. For the first time, we are bringing a Wednesday night buffet to you on October 25, featuring Benito's great Mexicali-style Chinese Buffet for only $16.50. More information about these specials are on the back page of this Whisker Pole.

In order to improve the membership experience as it relates to the marina, I will be requesting this month from the Finance Committee and Board for approval to purchase a battery-powered cart dolly to move the dry storage boats between the hoist and the dry slips, as well as 20 new dock carts to move your belongings to and from your boats. As it appears that we will be occupying our existing clubhouse for the next 18 months at a minimum, I will be taking a more aggressive approach to improving the clubhouse appearance and interior furnishings for you to enjoy.

As always, if there is anything our staff or I can do to improve your membership experience, please do not hesitate to contact me lmilioti@coronadoyc.org.

Aloha, Manager Lou

Dollar$ and ¢ents

By Vice Commodore Dean Eckenroth

Today's Paraprosdokian is: ***When I was 10, I beat up the school bully. His arms were in casts. That's what gave me the courage.***

The Finance Committee completed its review of the budgeting process for 2018, providing overall goals guidance and suggestions, and submitted the final budget version to the Board of Directors for their input and approval before presentation to membership. The 2018 budget contains no changes in dues or slip fees. Additionally, chiefly due to ongoing cost controls, continued membership improvements and excellent revenue efforts, the budget includes revenue increases over 2017 budgeted levels of approximately $35,000 and projected end of year profitability slightly more than $38,000. This is in keeping with 2017 performance levels.

General Manager Milioti updated the Finance Committee regarding initial progress in establishing an Index of Decisions that keys on financial issues steering Club operations. By establishing this file, our Accounting Department, Finance Committee and management will have necessary documents and rationale gathered in a single binder that will be available whenever research is needed or questions answered. This file can be used when possible change is necessitated.

The Index of Decisions file initially contains two different financial issues, including:

1. Back ground materials illustrating our Port rent process, monthly computation sheet and communications regarding allocations and deductions that drive lease costs.
2. Club bar pricing formulas, worksheet and communications that created the methodology for our drink costs and pricing.

Additional financial decision materials will be added by Accounting and our General Manager as the project continues.

The Finance Committee was informed of a possible path to success in charging for electrical usage by member boats in our slips, given the new metering that is now active. General Manager Milioti described a process that included test monitoring a number of different size sail and power boats, with multiple levels of member usage. This information will be used to guide the process and results will be discussed with membership during several workshops at the beginning of the year. The end result will be the hopeful formation of methodology to charge individual slip holders for electrical usage on a consumption basis and should require a change in our slip fee per foot charge.

July financials show the Club performing well (awaiting funds replacement) and the first seven month results are positive for the 2017 year.

Respectfully submitted,

Dean Eckenroth
Vice Commodore

From the Stern

By Rear Commodore Tom Lyons

Happy October!

Membership Committee

The September Member Summary reflects 616 Flag, 25 Junior Flag and 6 Social members totaling 647.

The committee held two interviews in September, and we continue to see new applications being submitted. We have six interviews scheduled for October. The CYC Membership experience continues to be very positive and in high demand.

New members approved by the Board in September include:

FLAG: **Siri and Ross Parkin**, **Kate and Bo Blumenthal**.

JUNIOR FLAG: None

SOCIAL: None

Food Service Committee

Please come down to the club to enjoy breakfast, brunch, lunch, dinner and the bar menu. As always, feel free to let us know if you have constructive feedback or comments: food@coronadoyc.org

Port Captain's Report

By Port Captain Dave Flint

For those lucky **CYC members who have wet slips** at our marina please be aware our slip rules require you to file a Float Plan with our Office if you leave your slip for more than 24 hours. This enables us to assign your slip to CYC members who have boats in other marinas on a temporary basis so they can enjoy the same things you do as a permanent slip holder. Be considerate of members without slips and file a **Float Plan.** Thank you.

2. **The temporary shallow slips on the golf course side of C Dock** assignments **can now be rented for longer periods.** If you are interested and have a boat 18' to about 25', you can be assigned one of these slips on a temporary long term basis until the middle of May, 2018. These slips are then changed to 7 day rentals in May and continue this status through September. If by chance there are more requests than slips, the tie-breaker goes to who is higher on the wet slip waiting list. While these slips are suitable for shallow draft boats, they are not recommended for sailboats.

3. In the last several months, we have had three members buy boats for their newly assigned wet slips and placed these boats in their slips only to realize their boats are non-conforming. These boats exceeded the **LOA, length overall guidelines,** listed on Page 17 of the Slip Rules in the 2017 CYC Yearbook. **These members were required to alter the length or buy different boats to conform to the assigned slip.** For example, if a member is assigned a 25' slip and purchases a 31' boat and places it into their slip, it is deemed non-conforming. If the Club were to allow this member to remain in this slip, then in essence, this member would have jumped over everyone on the 30' Ready Wait List. If you are in the market, ITM, to **buy a boat for a slip at CYC,** or if you are offered a wet slip from the Ready Slip Wait List, or are thinking about being on the Ready Slip List, please be aware of the following: Coronado Yacht Club uses the Length Overall, LOA, as the official measurement of your boat to be conforming to a certain size slip. Your boat must be a certain LOA to qualify as conforming to your assigned slip. The technical definition of **Length Overall** is as stated in the 2017 CYC Yearbooks in the section "Slip Rules" in the Slip Assignment Guidelines. Please do not rely on what is on the side of your boat, or the manufacturer or the broker who is trying to sell you a boat. For example in a recent case at CYC, a member brought in a boat that had graphics on the side that said "320" and the boat's actual length overall was close to 37', which of course means it was nonconforming for its 30' assigned slip. The best thing to do if you are not sure is to ask Fabian, Dock Master or myself to measure to see how long it really is, from the very front to the very back, including everything that is normally on the boat. You can also just talk to us. We would like to help you out by not having you in a situation of not being conforming for the slip you would like to be assigned. Many thanks for your cooperation.

Wet Slips Assigned:

C-3	25'	**Sean Fallmer**	Ready List
C-19	40'	**Rod Nystul**	Ready List
E-49	25'	**David Hochart**	Ready List

Waves and Words

By Chaplain Gary Boggs

It is official, as I write this edition; summer has come to its close. The days are getting shorter as the sun makes its way south on our horizon. Fall seems to be in the air already and we know that just around the next waypoint lie the "Holidays" and before we know it 2017 will be behind us. I pray your summer was all that you hoped it would be. As it always seems, it passed too quickly! With all the news of natural disasters in our land, as well as Mexico and throughout the Caribbean, our thoughts and prayers go out to all of those who have been in harm's way. We should all be thanking the Lord for His mercy. It could just as easily be us in the crosshairs! Disaster tends to bring out the true condition of people's faith and we see that almost immediately when disaster strikes. Folks begin to pray and ask for prayer. It is good to know that no matter what the situation or circumstance, there is a place we can turn to for strength and help.

One of the most beneficial things about spending time in the Word of God is the encouragement we find in the Psalms. I'll leave you with the thought of turning to the Lord in times of trouble from Psalm 121: "I will lift up my eyes to the hills, from whence comes my help? My help comes from the Lord, who made heaven and earth. He will not allow your foot to be moved; He who keeps you will not slumber. Behold He who keeps Israel shall neither slumber nor sleep. The lord is your keeper; The Lord is your shade at your right hand. The sun shall not strike you by day, nor the moon by night. The Lord shall preserve you from all evil; He shall preserve your soul. The Lord shall preserve your going out and your coming in from this time forth, and even forevermore." As always: Take care of one another, be kind to one another, love one another. May you have fair winds and following seas…. Chaplain out!

Race Committee Report

By Race Committee Chair Glenn Welch

The Neil McGuinness Regatta, the last of the Friday twilight series, was raced on September 8th. The results are as follows:

Class One (PHRF Handicap Rating 113 or less)

First Place	Island Surf	Manny Granillo
Second Place	Elusive	River Paquin
Third Place	Impact	James Bates
Fourth Place	Salty Tango	JF Poupeau

Class Two (PHRF Handicap Rating 114 or more)

First Place	Jabberwock	Glenn Welch
Second Place	Sarayu	Mike Lewis
Third Place	Shibui	Shawn Powell

Class Three (CYC Handicap)

First Place	Isle Run	Dave Flint
Second Place	Bonejuer	Steve Schelkun
Third Place	Aurora	Curtis Milioti
Fourth Place	Manu Kai	Carson Wilson

Events to watch for in the future are:

October 7/8	Sport/Small Boat Regatta
October 14	SBC Championship—Last Race of the Kempff High Point
October 27-29	Lipton Cup
November 5	Trophy Dinner
November 11	Longstreth 1/3-First Race of the 2018 Kempff High Point

The Race Committee would like to thank all of the volunteers this year. We have a growing need for power boats to serve as the race committee boat during selected regattas. Typically this is a one day commitment. If you are interested, please contact **Glenn Welch** at 619-841- 5096.

Rod & Reel

By Rod & Reel Chairman Paul Dodson

In accordance with Rod and Reel Rules and Regulations, our 2017 Fishing Season has come to an end, that is, for award recognition(s) at the November 7th Rod and Reel Meeting Trophy Dinner.

Our fishing season runs from October 1st through September 30th, thus enabling trophies to be awarded at the regular Club Trophy Dinner each year.

On March 25th, 2009, the Tackle and Weighing Committee revised the policy of awarding annual prizes by modifying the Rod and Reel Rules and Regulations as follows:

1) Award a prize for the Largest Legal Fish caught and properly recorded during the fishing season by a CYC angler onboard a CYC boat within the designated competition waters.

   Note: Competition waters are bordered by Point Conception to the North and Santos Tomas Point to the South.

2) Award a prize category for the Largest Legal Fish caught and properly recorded during the fishing season by a CYC angler onboard a CYC boat outside the designated competition waters.

3) Award a prize for the largest legal fish caught and properly recorded during the fishing season by a CYC angler onboard a non-member boat, including commercial boats, and documented to by a CYC Rod and Reel form including the fish specie and weight attested to by the boat captain and attached to a photo of the angler with the fish.

4) Award a prize for the largest legal fish caught and properly recorded for each month by a CYC angler onboard a CYC boat within the designated competition waters.

5) Award a prize for the largest legal fish, of each specie, caught and properly recorded during the fishing season by a CYC angler, onboard a CYC boat within the designated competition waters.

6) No specie of shark may be considered for any of the above categories.

7) All CYC anglers should practice “catch and release” whenever possible.

CYC anglers who fish in ways that do not involve a CYC boat, such as shore, surf, kayak, pier and non-members’ private boats, drive your own boat or rentals, etc. may also compete in the above categories. They must adhere to the rules set forth by the Tackle and Weighing Committee regarding sportsman-like catching practices and weigh-in rules. Fish caught abroad commercial sport fishing boats must comply with Rule #3 above, and may not be granted any exemption from the rules.

CYC anglers who weigh on a species of fish not commonly known to live in the designated competition waters, or that cannot be found in a field guide to Pacific Coast fish, must accompany their weigh-in slip with a picture of the fish, and if possible, the signature of a witness to the catch.

Awards are made for the Largest Fish Caught in each division: Men’s, Women’s and Children.

The Rod and Reel Chairman and the Tackle and Weighing Committee will determine the awarding of trophies, categories to be awarded and any other matter or grievances pertaining to Rod and Reel.

Further information can be obtained from the yearly CYC Yearbook, under “Organizations/Trophies”.

Cruiser Navigation

By Dave Weimer

September ushered in the first of the last three cruiser navigation contests for the year in the San Diego Bay.

While we left the expansive ocean waters with some regret, our experience with the fickle currents in the entry channel left us with a new appreciation for the somewhat predictable currents within the confines of the bay.

Our September contest, designed by our friends at Coronado Cays YC, was an easy one to plot. The course started at bridge pier "18" to Port, and led north to green channel buoy "21" for the first timed "Mark." From there, the course led west to green channel buoy "19" and back east for a second timed "Mark" when the channel buoy "21" aligned with the old aero beacon on North Island.

From the second "Mark" we headed south to the bridge, and beyond for a third "Mark" when abeam of the Navy Pier "3." Continuing on to the red channel buoy "30," we then had a short timed blind point west to the diamond marker on the Silver Strand before travelling north again to red channel buoy "26" for the fourth "Mark." Finish was again abeam of the bridge pier, to Starboard. Easy Peasy!

The predicted currents were for a relatively mild flood current during the entire contest.

The day dawned with clearing skies yielding plenty of sunshine by mid-morning. Gentle breezes from the southeast, developed into a 10 Kt. westerly sea breeze as the morning progressed. With the temperature in the 70's and unlimited visibility, it was a picture perfect day for navigating in San Diego!

Our experience on the water indicated that most of our current predictions would be verified; however, the Goddess of the Seas still had some surprises for some of us.

Of the eleven contestants, half managed to get the currents "right" and scored an enviable cruising time error of less than one percent. This included our **Jeff Calabrese** with a 0.93 percent error that was good enough for fourth place. **Good going Jeff!** Unfortunately for **Magnus** and myself, the currents must have "hiccupped" at the wrong time, leaving us with respectable, but trailing scores. As they say, "tighten your belts, and prepare to do better next time."

Our next cruiser navigation event is scheduled for Saturday, November, 11, in the San Diego bay waters. We'll keep you informed.

We hope to have more CYC members becoming interested in participation next year in cruiser navigation and joining with us on the water. Please contact me at cdweimer@sbcglobal.net if you would like more information about our sport and see how you can become a part of our winning team.

2017 Lipton Cup

By Lipton Cup Chairman Steve Streifer

Hi everyone, welcome to the official 2017 Monthly Lipton Cup Campaign Status Update, penultimate edition!

The 103rd Lipton Cup Challenge is only three weeks away! Jon Rogers and **Robbie Haines** have our crew on a rigorous training schedule, breakfasting on 4 raw eggs with tabasco, running 5 miles before dawn each morning, 2 hours a day in the weight room, another 2 hours of flexibility training… ok, well, none of that is true. But, they have mapped out two long weekends of on-the-water training in boat handling and tactics, sailing two of the J-105s that will be used in the 10-boat regatta. A B-team has been assembled to give our team some real competition on the water prior to the big weekend. **Jon**, **Robbie** and our skipper **Patrick Powell** have done an outstanding job this year in building our team, most of whom are returning from last year's competition. We have high hopes for their success!

Speaking of race weekend, here's the regatta schedule:

10/26	Thursday	1200 – 1630	Practice
10/27-29	Friday – Sunday	1200	First Start (4 races each day)

The field includes 12 highly-competitive teams from around the country, racing 12 boats fielded by the host San Diego Yacht Club. Teams rotate boats after each race so that there is no equipment advantage bestowed on any team, switching boats on a temporary dock moored near the starting line.

It's quite exciting. For members with boats, we strongly suggest that you take the time to motor out, watch a few races, and support our team. For those without boats, try to contact a friend and go out with them.

Our fundraising campaign for the year is wrapping up. Thanks to the great efforts of **Jeff Jakus**, working with Lou, Jane and our back office staff, we have achieved our goal for the year. This puts us in a great financial position to finish this year's campaign and move on to next year! Our warmest and most sincere thanks go out to all our sponsors who have supported our team. And, if you contributed $150 or more, please don't forget to pick up your sponsor appreciation shirt at the office.

We hope to see you out on the bay on race weekend!

From the Jr. Clubhouse

By Jr. Sailing Director Jill Powell

The Juniors are well into the fall season with regattas and after school sailing. This fall, Juniors are having after-school sailing 5 days a week for the first time. Mondays, we have scallywags (5-7 year olds), Tuesdays is Bic's, Wednesdays are all about Sabots, Thursday is Sabot Squad and we end the week off with Friday Fun Day! We have 59 sailors enrolled this fall and every class is sold out!!! This year, winter classes will be Wednesdays and Fridays during the month of January, sign -ups will start Nov. 1st. Mark your calendar for spring sailing, which will start on February 6th and end on May 4th. Sign up's will start Jan. 3rd, 2018 .

Junior fundraiser dinners are coming back on Oct. 3rd and Nov. 7th. Come on down and support CHSST and Juniors!
Kicking off in January 2018, we will be raising money to buy a new fleet of SABOTS. Our goal is to raise $55,000 by summer 2019. This will get us 15 of the 20 Sabots we need. I'm working with a member of MBYC to build us 15-20 new Sabots. Most of the Sabots we have at CYC are 20-30+ years old and we need to replace them. The cost for a new Sabot is $3,600! I'm still working out the fundraising details but if anyone would like to buy a boat by the end of this year please contact Jill Powell at jroffice@coronadoyc.org. Casino night will be March of 2019 and this will be the final push for the Sabot campaign.

CYC will be hosting the Perry regatta on Dec. 8th & 9th. I will need help on Race Committee, mark boats and on land. Please let me know if you would like to help this weekend.

Congratulations…

...to the CYC Sabot Squad for their performance at Fall Gold Cup Sabot regatta at NHYC, with **Preston Miller** 5th place in C2 out of 26 boats**, Charlie Bingham** 3rd **and Jack Bingham** 18th out of 27 boats in C3. A major win during the La Playa Fall Series Sabot regatta at SDYC, **Preston Miller** 1st place, **Sean Campbell** 4th both in C2, **Conner Mattick** 12th in C3 out of 28 boats. This was a very challenging day of racing with high winds in La Playa.
...to CYC sailors taking 3 of the top 5 spots in Perry #1 420 Regatta at Cabrillo Beach Yacht Club, **Ansgar Jordon**/Patrick Mulcahy **1st, Crew Fritsch/ Tristan Richmond** 4th **and Brock Paquin** 5th out of 19 boats.
…to **Brock Paquin, Tristan Richmond, River Paquin and** Jim Richmond for taking 2nd place at the Sharp HospiceCare regatta at CYC
…to 12 Coronado High School sailors representing Coronado in the first SoCal FJ regatta at NHYC. Great job by, Charlie Clausen, **Katelyn Roberts,** Carson Keyes, Conner McCrillis, Anna Valades, Andrew Larratt, Trey Summer, Gideon Goodmanson, Torben Hoy, Mercy Tangred, Livi Blair, and Aidan Sardiello SoCal #1 FJ regatta at NHYC
…to **Ansgar Jordon,** who placed 4th in the PCISA Cressy Laser regatta at Cabrillo Beach Yacht Club

Commodore Sandke with Tristan Richmond, Brock & River Paquin

…to **Soenke Jordan,** who placed 7th at Nevins Trophy in Kings Point, NY for George Washington College. **Owen Schafer's** team Harvard taking a first at the Lark Invitational and **Tanner Chapko** with a 7th at the Henry Anderson Regatta at Yale representing George Washington College. Well done by all!!! If you have any college regatta news, please pass it on and I will add it to the Whisker Pole.

MEMORY LN

Characters from **CYC**'*s Past*

By Charlie Allen

Long-time Flag Member and Staff Commodore

This month I am going to break with tradition and tread in forbidden waters. I want to pick two people from the multitude of deserving members who have done marvelous things for our youth sailors over the years. I am going to pass over some obvious qualifiers like Staff Commodore Bee Kempff (he started Sabots in Coronado), **Robbie Haines, Jon Rogers, Jill and S/C Shawn Powell** to name a few stalwarts. I am looking for sleepers (someone who is in for life and most times, obscure). Saying all that, my pick today are **Manny Granillo** and **Geoff Davis**. I write the article, so I get to pick. If you want others, please send your stories for Memory Lane and I will consider your input.

Manny owns Island Surf on Orange Avenue (surf shop) and has been a member since 1997. He sails a fast 30' racing machine, designed by Doug Petersen. I see *Island Surf* (the red sloop) start at every race and often out for evening escapes. One thing I can count on is him having young people on board. He will probably have a dozen a crowd every Beer Can race. He has mentored young people, both in his shop and on his boat (surfboard, paddleboard, SUP and I suppose other sports). One thing that stirred me was his eulogy for Charles Ingle, a youth he had mentored in life. I know **Manny** won't change, he will continue mentoring youths from Coronado as long as he can and he is probably the most popular member at the Club.

Also, I picked **Geoff Davis**, owner of Coronado Mobile Storage and Etchells season champion (see picture in CYC bar). He provides a first-class boat and team in one of the finest competitions in the country. Behind this front, **Geoff** has been a great supporter of our youth programs, funding worthwhile projects consistently over the years. Keep it going **Geoff**! Helping youths in our Club is so important and deserves a "Hooray" in my book.

Note to my Readers: *My writing about Youth Sailing, I mean for Juniors as well. It's my preference as the term "Juniors" can be demeaning in my book.*

Top: Flag member **Manny Granillo** on the first day of school, pictured with **Hana Granillo** (his daughter, age 3) and Charlie Ingle (right)

Left: Image of CYC Sabot sail with logos of both Coronado Mobile Storage (**Geoff Davis**) and Island Surf (**Manny Granillo**)

Bottom: CYC CFJs sailing on the water with Coronado Mobile Storage (**Geoff Davis)** logo on their sails

* CYC OVERSEAS *

*Congratulations to Flag member **Willem Van Waay** (waving the American flag) for his 1st Place win in the J/70s World Championship in Porto Cervo, Italy! This win was triumphed over 161 teams during 4 days of racing. **Willem** is well-known for his world racing. He was last year's recipient of the esteemed SDAYC Rumsey Award!*

*Flag member **Kristan Kaine** in Rwanda, East Africa is pictured here with a band of gorillas rocking our CYC baseball cap!*

Show off your travels!

Send pictures to Jane at jlee@coronadoyc.org to be highlighted in the next Whisker Pole!

ADULT SAILING PROGRAM AT CYC

CYC Members are encouraged to take advantage of the Adult Sailing Program, offering access to CYC's Cal20 & J24.

To use boats without a coach one must:
1. Pass a check-out sail.
2. Sign all necessary waivers and agreements.
3. Pay $100 initiation free, $50 check-out fee and allow a charge of
$10 per month to their CYC account.

Once a member passes check-out sail, their name is added to the "Qualified List" maintained by the office. It's hoped each member involved with Adult Sailing volunteers or makes a small donation to help defray the cost of maintaining our fleet of easy-to-access, safe and fun sailboats!

You have questions. We have answers.

Where can I find the best value on Coronado?
What types of homes are actually selling?
Why is rent in town becoming so expensive?
What is an accessory dwelling unit?
Why are so many condos being built?
Should I think about buying investment property?
What does the future hold for Coronado real estate?

Trust in experience. Let us share our family's 100 year history of buying, selling, and living on Coronado.
