## From the Commodore

By Commodore Robin MacCartee

Dear members,

As we all dry out after a wet winter, Spring is upon us. For many, Spring starts with April showers and May flowers. But anyone who is a regular at our Club knows that Spring starts with Beer can Wednesdays and Opening Day weekend. What a great time of year. I look forward to seeing you at the Club and don't forget to purchase your outfit for our Fantasy Island-themed Opening Day Weekend.

On another note, I wanted to connect with you about something that is important to our Club. As you know, we are undergoing a total restructuring of our Club finances. That process is well underway, and I hope to provide some meaningful updates at the Semi-Annual meeting. However, in addressing the finances, and, in turn, the budget, some very tough decisions become glaringly evident. We are a robust club with many interests. Although we want to support them all, the Board and our Staff must decide where to draw the line. How do we best use our member income to fulfill the needs of our Club? The reality is, we can't support everything. Two things I believe strongly in fall into the latter category. Functions vital to the DNA of our Club, but outside what the general membership should pay for. Those two are our participation in the 108th running of the Lipton Cup and the purchasing of equipment for our Junior Sailors. So, to achieve those goals, I have committed to both groups a fundraising effort. I plan on meeting both their targets through the generosity of our membership. In the coming weeks, please keep an eye out for information on how you can help. I know many of us like to joke about our Club being a drinking establishment with a boating problem, but by supporting both these causes, we can flip the script. If you would like to help, please reach out to the Front Office. Otherwise, I will be contacting all of you in hopes you too share a passion for highlighting the Yacht in CYC.

Thank you,

Robin MacCartee

## *General Manager's Report*

By GM Pete LaCava

Welcome to Summer, our busy season for Coronado Yacht Club! We are excited to start our new year off with so many events coming back! We will continue to do our Taco Tuesday night as it has been and continues to be a huge success, Bar is open again on Mondays, Beer Cans have started and seem to be going well. We have Trivia night on Thursdays and soon Karaoke on Thursdays as well. Padres look to have a great season so we will be playing our Padres games whenever possible.

Opening Day is at the end of May and Commodore Maccartee has some exciting and fun days planned: "Fantasy Island Themed".

**Friday 5/26: 6pm No host Cocktail Party / Hors D'oeuvres Contest**

**Saturday 5/27: Commodores Dinner Dance - Tropical Attire Music by the B-Sections**

**Sunday 5/28: 11am Opening Ceremonies followed by Opening Day Reception , Senior Sabot Race @ 1:30pm**

**Monday 5/29: Snack Bar Open 9 to 5pm and Bar open 9 to 9!**

We want to thank those that have stepped up to volunteer for the events we have had and specifically Secretary Michelle Munns who has really taken on most of the events at the club, although not her responsibility, it is her passion. She has made quite the effort for the Club, so please give her a high five for her job well done so far.

We will be seeing more membership sponsored PRIVATE Parties over the summer and we will make sure to give fair warning when those will affect the club service. Weddings, birthday parties, and award events as well as, our community events for Coronado and its surrounding citizens. A reminder that parties, for the most part will not be held during the normal member driven events and should never be held on nights that we have dinner service. Saturdays on the Starboard patio lawn will be held on off hours as much as possible, and as always, if the bar is open, it is open for all.

Parents, we are trying to make sure we have a parent and child event at least 1 per month for the summer and the off season as well. We are excited to have you join us more regularly to provide a much-needed respite from the hustle and bustle of Parenting Life. We are considering having a childcare supervision system, charge rate per child, to allow parents to drop their child off to enjoy a supervised movie or party so that you can meander with no kids in tow. But please remember until then, all children 10 and younger must always be accompanied by a parent and are not to be running around the galley or bar area unsupervised. We will be sending out warning letters to remind all the importance of following the House Rules.

Some very exciting news regarding some projects we have been working on – The sheds have been delivered and will be in place in April. All members who are shed renters will have 4 weeks to move items from old to new and we will have a dumpster available to toss all unwanted items. If you have things of value that you would like to donate, we will have a truck coming by to pick up each week.

Our railing project has been approved and we will be installing after opening day due to the turnaround time for making the parts for the job. We are very excited to have finally gotten all the permits needed to proceed.

On a final note, the operations Team at CYC want to wish everyone an amazing summer at the club and remind you to be safe and enjoy your Club. It is our Year to make the Club exactly what you want it to be!

Cheers to all!

**Pete LaCava**  
**General Manager**

## *Waves and Words*

By Chaplain Gary Boggs

As I sit down to write this edition of Waves and Words it's another overcast day with rain in the forecast again! It's been 112 days since New Years Day, when stormy weather forced us "inside" for the annual "Blessing of the Fleet" for the first time in my years as Chaplain. Since January we have received almost 12 inches of rain, nearly double the amount of rain we normally get. To date we have had more rain in 2023 than we got in the entire year of 2022! Okay, enough about rain, I'm not complaining, we so need the rain, but we are rapidly approaching "Opening Day" 2023 and I'm already seeking "Higher Authority" for warmer, dryer, conditions for our opening ceremonies on Memorial Weekend! Come on sunshine!

We're in that time between Spring and Summer when the preparations around our club and the boating community begin to intensify so that we're ready when days lengthen, the breezes warm, and the cannon goes off, signaling that the time has arrived. Before that all happens it's "All Hands on deck!" I would like to offer a personal THANK YOU, to everyone who will take the time to pitch in and help in any way they can. There are plenty of opportunities! Every year, we have the privilege of observing the traditions that make CYC special in the hearts and minds of our membership and community. I look forward to seeing all the boats with flags flying, dressed for the occasion, members, young and old, enjoying the wonderful place we are blessed to occupy! Blessings come in many forms, and I try to remind myself, as we all should, to count them daily and remember where they came from in the first place!

It's also my sincere hope, that as we celebrate opening day, with all the pomp, circumstance, and festivities that we will also reflect on the sacrifices made by those who have given their time and even their lives so that we can enjoy the freedom that we have. We are all indebted to those who serve or have served in our Armed Forces. Let's not ever forget or take for granted what they do to protect us all. Personal sacrifice for the sake of others is a principle that is woven into the very fabric of the Godly Heritage that this Nation was built upon. The Lord Himself taught that "Greater love has no one than to lay down his life for his friends." (Jn.15:13). There is in each of us a yearning to know our Creator and the ways He has laid out for us. Love honestly begins when we are willing to put others ahead of ourselves. As always, be kind to one another, take care of and watch out for one another. Most of all love one another. May you have fair winds and following seas as we open the Season! Chaplain,... out.

## *All Hands On Deck!*

By CYC Historic Committee

The Board has recently passed a resolution creating an official Coronado Yacht Club Historic Committee. The intention is not only to assure the preservation of the Club's unique past but also to encourage the exploration and enjoyment of its over 100 year existence. The concern is that if we don't act soon, so much may be lost or forgotten.

For example, volunteers including some staff are starting to digitalize the paperwork from board meeting minutes that date back 40 years, some of which had already begun to disintegrate.

The Committee's plan is to meet on a monthly basis...to exchange ideas, share stories and identify archival treasures. Your help is very much needed and welcomed.

To this end the first meeting will be held Tuesday, May 9th at 5:30 at the Yacht Club. The goals and purposes of the Committee will be further explained. We hope to see you!

Thank you,

**Paula Bingham & Gerry MacCartee**

# Boat Standard & Safety port

By BSSC Chair Susan Schelkun

From the BSSC:

Thank you to those who have checked on your vessels during all the storms we have experienced. There was a bit of water being held on canvases and in dinghies!!

A few housekeeping requests:

Dry Slips—you need to complete two underways

Wet slips—dock boxes are the only thing allowed on the dock by your boat; no paddleboards, coolers, oars, or other paraphernalia. Those need to be stored on the boat, in your shed, or take them home.

Parking lot—cars, trucks, motorcycles, bicycles, etc need to be moved every 72 hours. First of all, it is the rule and secondly, summer is a busy time around the club.

And a huge thank you to all those boat owners who keep their boats in tip top shape. It is a pleasure for the committee to walk the docks and enjoy seeing what resides at our yacht club.

## Port Captain's Report

By Port Captain Mike Dowling

**H**i Everyone,

What an exciting time of year to be a CYC member. We made it through the very wet winter (I hope), and we are rapidly approaching Opening Weekend. IT's great to see the docks coming back to life and all the work members are putting into getting boats ready for the season.

We continue to move some slips, mostly on the better slip list, but we also welcome and congratulate our newest slip holders:

**Slip AW13 Serena & Dwayne Bleam (25')**

**Slip AA7 Perry Mansfield (60')**

**Slip AW21 David Wood (25')**

**Slip E19 Heather & Scott Grimes (40')**

**Slip AW18 Robert Steiner (21')**

**Slip C35 Wally Besuden (40')**

If you are having any issues with your slip, questions about any notices, or just want to bring ideas forward, please feel free to reach out to me or Susan anytime and we will connect with you to discuss it.

See you around the docks!

All the best,  
**Mike**

**Session #5 July 24-28 (5 days)**

**Session #6 July 31- August 4 Sabot nationals and private lessons only.**

**Session #7 Aug. 7-11 Windsurfing 101 & Beyond**

**CYC Juniors had a busy March!**

CYC sent two boats to the final Shadden @ABYC and finished the event in 1st and 2nd with only a two points difference! Congrats **Tommy, Preston, Lina, and Ryan** (SWYC) for earning some well-deserved hardware. **Tommy** and **Preston** also won the entire series and Lina and Ryan placed 3rd in the series of 4 events. Winning a series requires commitment, tenacity, and the ability to consistently excel above the competition, so we are very proud of our sailors for their performance in this series.

Our C3 Squad had a ball at Gold Cup in Newport Harbor this year! **Bella, Karoline, Jackson, Scotty, and Ryker** worked hard all weekend to sail fast, bond as a team, and most importantly, eat gummy bears.

**Jackson and Scotty** competed in the Earl Elms regatta at MBYC. Both days were ideal conditions for the two C3s and they each learned a lot about sailing in changing conditions. As the day progressed the conditions built to almost 13kts which is close to gale force for a Sabot! We are all very proud of our two C3s for the tenacity they showed on Mission Bay.

**Tommy and Coach Jett** raced against each other in the International 14 Class here in South Bay for the Helly Hansen Sailing World 2023 Regatta. After three days of skiff sailing, **Jett** and his **Skipper Terry** finished 2<sup>nd</sup>, and **Tommy** and his Skipper **Matt** placed in 7<sup>th</sup>.

Across the pond, **Mercy Tangredi** received the Wahine Skipper of the year award from the Hawaii Yacht Racing Association! For those not fluent in native Hawaiian, Wahine (wa-hee-nay) is the Hawaiian word for woman.

Coronado hosted 29er Midwinters West out in South Bay. We were blessed with near perfect breeze (12-15kts) all weekend which led to some excellent racing. **Kevin** and his crew **Holland** (SDYC) placed 3<sup>rd</sup> out of a fleet of 17!

# Coronado Maritime Foundation

## Annual Report 2022 by CMF Chairperson Sheryl Rosander

The purpose of the Foundation is to support educational programs related to sailing and related maritime activities, emphasizing safety, respect for the marine environment and, in competition, standards of sportsmanship which embody the traditional Corinthian spirit.

We support area youth in the pursuit of these activities. We award grants to individuals and appropriate institutions such as schools. We support amateur competition, conduct events, and disseminate material related to our educational activities. We solicit and accept contributions from the general public and grants from philanthropic or governmental institutions in order to sustain these programs. We do not discriminate on the basis of race, sex, national origin, religion, or sexual orientation.

The primary sub accounts for the CMF are: General; Junior Activities; Lipton Cup; Coronado Yacht Club Junior Competition Fund; and Coronado High School Sailing Team.

### **Assets and Liabilities**

CMF Assets and Liabilities for the year ending 2022 are \$33,409.28. This amount is \$548.44 less than the prior fiscal year of 2021.

### **Revenue and Receipts**

The Directors of the Coronado Maritime Fund are extremely grateful to the 45 donors whose donations for the year 2022 totaled \$16,216.64. Interest earned was \$6.17. All donations were cash. The CMF also accepts donations of cars and boats through CarEasy. There were no car or boat donations this year. Donations are made by mailing checks to the CMF at 1631 Strand Way, Coronado, CA 92118. Donations may also be made by authorizing the Coronado Yacht Club to charge a donation amount on a monthly basis. For example, 19 CYC members donate \$10.00 a month to the CMF. Donors may specify the fund to which they wish to donate.

### **Expenses or Disbursements**

The CMF incurred administrative expenses of \$2,224.00: \$1,500.00 for non-profit directors and officer's liability insurance; Accounting fees of \$540.00; and Operating Expenses of \$184.00. Administrative fees were approximately 14 percent of the total donations for 2022. Administrative fees are fixed and will remain constant as donations increase in the world of post-COVID-19 sailing.

Disbursements this year include:

- Support in the amount of \$100 to the Kitty Muhl Ladies Race;
- Support in the amount of \$9,377.25 for the 2022 CYC Lipton Cup team;
- Entry fee assistance in the amount of \$570.00 for junior sailors in regattas held this year;
- Support of Challenged Sailors Regatta in the amount of \$1,000.00 and;
- Support of the Coronado High School Sailing Team in the amount of \$3,500.00

The Board of Directors thanks its supporters for the year 2022. It was another challenging year for all. The Coronado Maritime Foundation hopes to come back bigger and better in 2023 in anticipation of the return of competitive sailing events to pre-COVID 19 levels.

By The Directors of the Coronado Maritime Foundation:

## *Green Committee Report*

**By Green Committee Chair Rose Ann Krock**

**Y**our friendly CYC Green Committee has been busy working together with Pete, Meghan, and Fabian to introduce to the membership a Chefs Kitchen Garden.

The garden will be used by the C.Y.C. kitchen staff to supplement fresh herbs, tomatoes, chilis, and whatever Chef Meghan would like to see grown in the raised container beds. Delicious fresh herbs and produce will be finding their way to your dinner plate soon.

We are looking for a few green thumbs; gardeners experienced in organic container gardening Please reach out to the front office and leave your contact information for The Green Committee. We would love to pick your brain, pun intended. We are also working with EDCO and the kitchen staff to train on composting food waste. EDCO has a training video and will provide the composting containers to the club.

Congratulations to member Tom Christiansen for participating in the last We Love the Bay CYC. trash pick up challenge held Feb 12th. He was the winner of the \$50.00 restaurant gift card for participation. Thank you, Tom, for your efforts to keep Glorietta Bay clean.

The busy season is fast approaching; please try to use reusable picnic ware on your boat and for post beer can race BBQ's. Be mindful of the use of single-use plastic cups at the bar. Please pick up trash around the club when you come across it. Thank you so much for helping keep the Club and surrounding Glorietta Bay clean.

## *Outreach with Coronado High School Navy Jr. ROTC*

**By Flag Member Anne David**

**T**his month, Coronado Yacht Club members provided an opportunity for cadets from the Coronado High School Islander Company to go sailing. This practical seamanship training followed classroom instruction by CDR Bill Nesbitt, USN (Ret) and SCPO Tom Hellwig, USN (Ret), the Naval Science Instructors at CHS who incorporated basic sailing fundamentals into the program's curriculum. 15 cadets took part in this semester's voluntary at-sea experience, making them eligible for the Sea Cruise ribbon.

Crisp breezes each day gave the cadets the opportunity to sail into South Bay and under the bridge with each spending time on the helm and trimming sails. On the first day, we were treated to the sight of dolphins frolicking in the bay. And on all three days, the Navy provided quite the show with helicopter operations, swimmers, fast boats, and ship movement.

This community outreach is just one activity our CYC members support. For many years, the CHS high school sailing team has trained at CYC. Our junior sailing program is open to community members. CYC is taking the lead in adaptive sailing, working with the KMAC Foundation.

## Rod & Reel Report

By Rod and Reel Co-Chairmen Russell Nevitt & Mike Copp

April showers bring May flowers. If that is correct, then February and March should have brought a forest to our lovely little island. Good heavens, all of the wind and rain has made for challenging conditions on the water. When it has stopped raining, the runoff has contributed to turbulent, dirty water all along the coast and in the Bay. As we ease into April, it seems the stormy conditions have begun to abate. In addition, water temperatures are on the rise, and reports of bluefin tuna and yellowtail are starting to percolate south of the Border.

In anticipation of the fishing season, we held our first meeting of the year in March. We were blessed to have **Al Thomas** and his lifelong friend **Rick Evans**, give an advanced tutorial on fishing for halibut in San Diego Bay. For those who were present, it was not only an informative presentation but a reminder that you need to get off the couch and get on the water. These men are both in their eighties and continue to fish, scuba and free dive in pursuit of their quarry. They were very specific on techniques and tackle, and not shy in discussing where exactly they fish. Besides halibut exceeding 40 lbs, they have caught (and released) Black Seabass over 100 lbs, large white seabass, and even sharks to 200 lbs, all in the Bay! Above all, their biggest secret is....you have to spend time on the water to catch fish. It was an honor to host them, and they certainly provided an inspiration to all of us to continue engaging in your passions, regardless of your age. If you were there you know and if not, you missed out on something special.

# Rod & Reel Report

By Rod & Reel Co-Chairmen Russell Nevitt & Mike Copp

Following the example of these two seasoned veterans, **Mike** and **I** have recently been fishing in the Bay, when the weather has permitted. While unsuccessfully targeting halibut, we have enjoyed a couple of banner days fishing light tackle in Glorietta Bay. Spotted bay bass, mackerel, jack smelt and even a few corvina have chased our flies and lures. Recent grunion runs on the full moon have brought many predator fish into the back bays. While waiting for the water to calm down and warm up offshore, this is a great opportunity to knock the rust off your fishing skills.

*Flag Member Mike Copp*

Looking ahead, we will be having another Rod & Reel meeting on May 18th. With luck, **Mike** and **I** should be able to recap a 2.5 day fishing trip we, along with **CYC members Tom Christiansen and Bill Bigham** are going on in search of early season Bluefin tuna. Looking back on previous seasons, May has provided quality yellowtail fishing at the Coronado Islands, as well as good Bluefin fishing within 30 nautical miles of Pt. Loma. All in all, things are looking up for fishing out of our Yacht Club!

Tight Lines,

**Russell & Mike**

# Baja 2022

By S/C Charlie Allen

Dear Friends,

For a number of years my older daughter, **Leslie**, and I have had on our "bucket list" a visit to Scammon Lagoon in Baja California Sur to see the young grey whales before they head north. In early April 2022 we did that in her van. This is an entry of our trip:

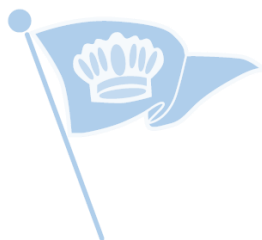

It was a great experience and we appreciated the help from Discover Baja Travel for their maps, permits and travel advice. I had been to the Lagoon 40 years ago but got only a distant view from a beach. This year we would hire a boat for the last of the season and the reaching the Greys.

A mother and child were practicing ocean swimming at the mouth of the lagoon and it was a breath taking experience. To see the whales up close and actually touch the young ones, see their blow holes, get drenched by their blowing and have the experience of seeing a playful jump was wonderful. Seeing the bond between humans and whales is incredible. Greys are baleen whales and eat by streaming sea water through the baleen to catch the small gastropods. Do not compare them with toothed whales, such as orcas or sperm whales who are often pugnacious.

On our way to Guerrero Negro, the road passes through Vizcaino Desert. It was early April and the cacti were lush from the winter rains. Many were flowering and the day temperatures were about 70 degrees, perfect for seeing the desert at its best. Nothing like passing through the desert in the summer. This was a bonus event.

Enjoy,

Charlie

# 2023 Kitty Muhl Ladies Race

By Flag Member Anne David

We have a date – Sunday, August 20! It isn't too early to start planning for your participation in the annual Kitty Muhl Ladies Race. Let's build on the last few years' success with even more boats and more sailors competing.

The format will likely include marks in both North and South Bay with a club start/finish so CYC members can watch some of the action from the club. Crews may be all women or co-ed. With enough registered boats, we will be able to run multiple classes rather than using rating offsets. Sailing/racing experience is a plus but NOT required. More than a few new CYC members indicated their interest in sailing during their membership interviews over the last few years.

Please contact me at [anne.david829@gmail.com](mailto:anne.david829@gmail.com) if you have any questions.

Kitty Muhl Ladies Race 2022

RBOC is a non-profit, 501(c)(4), government advocacy organization led by volunteer boating officers and directors from all over the state. They work with lawmakers to inform them of California boaters' needs and to protect and enhance the interests of the state's recreational boaters before the legislative and executive branches of state and local government and advocate boater positions on legislation and regulations.

RBOC conducts much of their business in Sacramento. Guidance from the well-respected lobbying firm of Desmond & Desmond is critical, consequently contributions from boaters and clubs throughout the State support these efforts. Unfortunately, contributions are not tax-deductible because RBOC's activities are considered political in nature. RBOC does *NOT* make contributions of any sort to legislators but rather relies upon its own persuasive abilities to steer legislation or seeks widespread help from the boating community to contact their own representatives to express an opinion.

RBOC was established in 1968 and their work in the past has included efforts to clean up California's coastal and bay waterways by not only mandating holding tanks, but promoted the building of pump out stations.

Another example, in 2020 the Governor's budget included a proposal for a 250% increase in boat registration fees. RBOC lobbied strenuously against that and in doing so was afforded some insight into the money trail. It was disappointing to observe that the \$60 million that funded Department of Boating and Waterways in 2012 had shrunk to \$5 million. The fee increase was removed from the budget. This year RBOC has succeeded in persuading legislators to modify bills that would have allowed boater's funds to be used to remove abandoned commercial vessels. And another bill that would have allowed rent control in California marinas was modified at RBOC's request to cover only permanent houseboats in San Francisco Bay.

RBOC also learned that boater's fees and taxes were being used for various parks projects including control of invasive weeds in the Sacramento delta and beach erosion. Engagement with Parks continues on these and other matters.

A wide variety of Legislation affects boaters and RBOC is determined to make sure that it is more to the benefit of boaters than to their detriment. We trust that boaters will contribute generously to that endeavor.

California yacht clubs and their members have been supporting RBOC financially for over fifty years. We are confident that they will continue to see the value in what RBOC does and that they will continue to support pro-boater legislative advocacy.

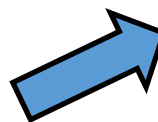

More information can be found on the website <https://www.rbo.org/about>

The Coronado Yacht Club Board of Directors has taken the position that this is a worthwhile organization that benefits all boaters in our area and is worthy of your voluntary contributions.

If you are interested in supporting the efforts of ROBC, you can make a voluntary contribution. The easiest way to contribute is to use the RBOC QR code below.

If someone would like to make a donation to RBOC. They just have to take a picture of the QR with their Cell Phone. rbo.org will appear. Tap the rbo.org eye and follow the instructions. Thank you.

# Coronado Yacht Club Juniors 10th Annual Casino Night July 15, 2023

We believe in our kids and believe they deserve the best equipment we can offer. Our goal this year is to raise enough money to purchase two c420's for the Junior Sailing Program. We would like to offer you the opportunity to help underwrite our fundraiser and at the same time promote your business. Here's how:

**1- Casino Table Sponsorships** –Tables are available for businesses as well as individual families. Table tent cards with the sponsor's name/logo will be prominently posted. We will also add your artwork/logo on the 'sponsors page' of our website. Card tables are \$500 each, roulette tables \$600, craps tables \$600 for each end, DJ \$600, Dessert Table \$600 Hurry! Contact Jill Powell at (619) 435 0522 or jroffice@coronadoyc.org

**2- Opportunity Drawing**–If you want to make an impact, this is the way! We are accepting donations for the Opportunity Drawing at the end of the evening. Sails, wine \$25 or more, vacation home for a long weekend/week, cocktails, and dinner on your boat.... Now is the time to cash in those "favors" from business associates, friends, and relatives!

**3-Attend the fundraiser**–You and your friends are invited to spend a fun-filled evening at the club. This is a fun night out! "Remember what happens at casino night stays at casino night."

My tent card(s) should read:

The Coronado Maritime Foundation's mission is to provide enrichment through maritime programs of education, training, competition and recreation based upon the Corinthian Spirit. CMF supports local sailors of all ages attending US Sailing and National Championship Regattas as well as the Coronado Yacht Club's Lipton Cup. The Coronado Yacht Club Junior and Coronado High School Sailing Team programs have grown exponentially over the last few years, and to support this growth, we need your help.

Your tax-deductible donations will support registration fees and travel expenses for local sailors. In addition to supporting regatta participation, CMF is looking to update the fleet of 420's and FJ's raced by our junior sailors in local regattas. Our 420's are circa 2002 and the FJ's are vintage 1992. Please consider supporting the development of the next generation of sailors and our racing fleet with a contribution to the Coronado Maritime Foundation.
